Bureau Veritas Certification

Parker Hannifin Indústria e Comércio LTD

Rodovia Anhanguera, Km 25,3, S/N Perus, 00000 Brazil

Bureau Veritas Certification Holding SAS – UK Branch certifies that the Management System of the above organisation has been audited and found to be in accordance with the requirements of the management system standards detailed below

ISO 9001:2015

Scope of certification

Development and manufacture of themoplastic packing parts.
 Import and marketing of products for the conduction and control of fluids and gases, for pneumatic, hydraulic and instrumentation applications, attending the medium, high and super high pressure ranges, including products:
 Valves (forged, laminated and microfused) in stainless steel, duplex, super duplex, hastelloy, monel, carbon steel and brass, types: ball, double ball, ball with actuator, tripartite, needle, globe, retention, 2, 3 and 5 way manifolds, manifold accessories and flow manifolds.
 Connections with angular profiles (forged and laminated) and straight profiles (from rods) in stainless steel, carbon steel, brass and special alloys, types: JIC threaded, welded and flanged, flange, autoclave, single and double wash compression .
 Pressure regulators, filters, connections and thermoplastic valves, diaphragm valves, modular systems for fluid control, flowmeters and controllers, rotameter, pressure switches, sample cylinders.
 Tubes and pipes, stainless steel and other special alloys.
 Support and tools for pipe assembly.
 Refrigeration components for residential, commercial and industrial use. Including Products:
 Types of valves: pressure regulator, suction, evaporator and cartridge, mechanical and electrical expansion, safety, gauge, control, blocking, suction, solenoid, bypass, retention, heat recovery and sphere (fast closing)
 Level transducer probe, air trap, oil level control float, pressure gauge, level sensor, solenoid coil, defrost controller, level display and liquid pump
 Hermetic and flanged filters, copper, steel, oil, suction.
 Fluid leak detectors based on chlorine (Cl) and acidity.
 Liquid displays and pressure switches.
 Separators and liquid tanks in refrigeration and air conditioning systems;
 Complete line for R 410A, environmentally friendly fluid, ammonia (NH3) and fluids CFC, HCFC and HFC.

Original Cycle Start Date by a Different Certification Body:	26-November-2010
Expiry date of previous cycle:	14-March-2021
Certification / Recertification Audit date:	06-September-2019
Certification / Recertification cycle start date:	09-March-2020
Subject to the continued satisfactory operation of the organization's Management System, this certificate expires on:	05-December-2022

Certificate No. :	US014198	Version: 1	Issue Date:	09-March-2020
-------------------	----------	------------	-------------	---------------

0008

Certification Body Address: 5th Floor, 66 Prescott Street, London, E1 8HG, United Kingdom
 Local Office: 16800 Greenspoint Park Drive, Suite 300S, Houston, TX 77060, USA

Further clarifications regarding the scope of this certificate and the applicability of the management system requirements may be obtained by consulting the organisation.
